GARTMAN'S GARDENS

Located 2 $\frac{1}{2}$ Miles North on Highway 45

PHONE 8072

ROUTE 1 BOX 97

FOND DU LAC, WIS.

Visitors Always Welcome

To Our Customers and Friends . . .

We are offering a number of additional items this year. In this catalog you can choose with confidence from the largest and finest collection of hardy plants in the Northern States. Our plants are strong and healthy. The land here at Fond du Lac seems ideal for their development.

We guarantee our plants to be true-to-name, and to replace any order that does not reach you in first class condition, but please notify us immediately upon delivery.

Your order will be well taken care of, and our advice is yours for the asking.

Send us your order as soon as you have made your selection. In case of short crops, early orders have first consideration. Your remittance must accompany the order.

Our careful packing of plants and bulbs will insure safe delivery.

It Is Easy to Order by Mail from Gartman's Gardens

Won't you give us a try?

With this catalog you have received an order blank and an addressed envelope for your convenience. Always print your name and address. List the name and price of all items. We ship to every state. We have received many fine comments on our method of packing and the fine condition in which the plants arrive.

No C.O.D. or Open Accounts

Send cash, money order, or check with order. Orders of less than \$1.00 add 20c to cover cost of packing charge.

Express Shipments: Pay on delivery of plants.

Parcel Post: Cheaper. Add 15c for first plant and 2c for each additional plant.

. . . Free Mums for Early Orders . . .

For all orders of \$2.00 or over received before March 20th. You may select \$1.00 worth of Chrysanthemums plants free. With a \$10.00 order you may select \$2.00 worth of Chrysanthemums plants free. These gifts are given only when cash in full accompanies the order.

RED BRIGHT EYES — A truly new color in phlox rose to redeach 60c

Hardy Chrysanthemums

This year we have one of America's finest and most up-to-date collections. In this collection we have included representations of all groups, starting with the Azalea or Cushion Mums, large and medium doubles, singles, buttons, pompoms, and including some of the best of the new English and Canadian. You will notice many of them are new this year, and many of them only of recent years. This new collection represents the originations of all the leading Chrysanthemum Hybridizers in this country, such as Bristol, Dr. Krause, of the University of Chicago, Lehman, and Emberley, and many others including some of our own. In order to save space we have omitted the originators names as well as the year.

... Mums from Gartman's for Early Bloom ...

BRISTOL'S 1952 INTRODUCTIONS

ALEX CUMMING. Superb 4 inch flowers open the richest purest, cerise possible, and soften to cleanly pleasant rose.each \$1.25

PEACH SPOON. Large, lively peach-colored spoons with Chinese yellow spoons ageing to pink.

PUMPKIN SPOON. Opens persimmon orange ageing to stafford yellow. A new, unique color in mums.

YELLOW SPOON. A very fine, bright golden yellow.

NEW CANADIAN INTRODUCTIONS FOR 1952

We think these are superior to English Mums, they have nice dark green foliage, and flowers from 3 to 6 inches across. They bloom early, from later part of August on up until the hard freezing weather. Originated by Mr. Emberly of Ontario. We have him to thank for this new strain of Hardy Chrysanthemums, of beautiful double flowers.

JULIA. Large flowers of rosy-pink, very good foliage, and nice plant habits.each 75c

LAVENDER SPRAY. Flowering laterals being produced at the end of the stem, gracefully arranged, delightful shade of lavender.each 75c

PAPRIKA. Bright, sparkling orange-bronze flowers produced in great numbers.each 75c

PRUNELLE. POMPON TYPE blooms in lovely sprays. Flowers most attractive shining ruby with just a suggestion of purple.each 75c

ROSE O'DAY. This variety has exceptional merit. The habit and foliage are ideal grown under ordinary garden conditions. Makes an ideal pot plant. Flowers are 3½ to 4 inches and the most beautiful shade of rose-pink ever.each \$1.00

One each of the above 5 plants \$3.50

1951 CANADIAN INTRODUCTIONS

FLORENCE NIGHTINGALE. A large white with primrose center, early flowering.each 65c

GORGEOUS. Large pink flowers of superb quality.each 65c

JEANNETTE. Burgundy flowers of good size on tall stems. Outer petals are reflexed and rolled.each 65c

JULIET. Large pink flowers with center petals slightly incurving and wonderful texture.each 65c

PRIMROSE QUEEN. Medium size flower of primrose yellow, good sturdy stems.each 65c

THE SWAN. The largest pure white with good stems and foliage. Visitors to our gardens last fall enthused over this variety more than any other white. The first blooms are spoon like and spiky but later lose this characteristic and the petals are broad. Early flowering, easy to grow.each 85c

One each of the above 6 plants \$3.50

1952 UNIVERSITY OF NEBRASKA INTRODUCTIONS

ARAPAHOE — HUGE FLOWERS 3½ inch flowers. Color is rich red with reddish bronze reverse. Frost resistance. A continual bloomer from mid September oneach 75c

LESHARA — A striking mulberry red shading to a softer red with a lovely old rose overtones. Frost resisting and early bloomereach 75c

PATENT EVERBLOOMING FLORIBUNDA ROSES

These are especially fine for solid beds and borders. Ideal for cemetery planting because they are so easy to grow and bloom freely. Constantly in bloom from early summer until freezing. Very hardy, growing everywhere and requiring very little care.

FASHION. Pat. No. 789. Brilliant luminous coral flowers overlaid with gold opening with wavy graceful petals. Large clusters. -----
----- **\$2.00 each 3 for \$4.25**

HOLIDAY. Pat. No. 915. Generous clusters of large size buds, are orange-yellow brushed pink on the outside and strong vermilion red on the inside gradually giving away to softer more delicate tone. ... **\$1.50 each 3 for \$3.90**

MASKERADE. Pat. No. 975. Clusters of 10 to 25 buds of yellow, red, pink, lemon and sometimes orange. Each bud is golden-yellow with thin vermilion marks. Gradually the rose-pink deepens to deep red. -----
----- **\$2.00 each 3 for \$4.25**

PINOCCHIO. Pat. No. 484. A hardy plant producing an abundance of pointed buds of salmon-flushed gold, opening to miniature hybrid-tea like roses of soft clear pink and in great clusters. **\$1.50 each 3 for \$3.90**

RED PINOCCHIO. Pat. No. 812. Masses of 3½ inch flowers in unfading clusters. Rich carmine; gradually deepen as blooms open. Prolific bloomer. **\$1.50 each 3 for \$3.90**

SUMMER SNOW. Pat. No. 416. The most prolific of white floribundas with great "drifts" of beautiful large clusters like mounds of snow. Fragrant. **\$1.50 each 3 for \$3.90**

YELLOW PINOCCHIO. Pat. No. 992. Newest member of the pinocchio family. Sturdy bush, producing great masses of blooms in an apricot-yellow color. When at the peak of bloom, it is a rounded mound of yellow.
----- **\$1.50 each 3 for \$3.90**

BROWNELL ROSE BUSHES SUB-ZERO HYBRID TEAS

EASIER TO GROW — LONG TO LIVE

\$1.75 each 3 for \$5.00 \$18.00 per dozen

A new race from the hardy species, wichuriana hybrids that can bloom all summer along with the more tender hybrid teas. The originator reports flowers of equal merit in size form fragrance and color and plants many times longer lived even after subzero winters.

ANNE VANDERBILT. Exquisite coppery orange, informal, semi-double, very brilliant, fragrant, constantly in color.

BREAK O'DAY. Orange to apricot, large, very double flowers, very vigorous, free bloomer, delightfully inspiring.

CEDRIC ADAMS. The eminent radio commentator, lover of people and Roses, has placed his name on this most magnificent Rose. Out of thousands of candidates, Cedric Adams chose this sturdy, large and double scarlet to carmine Aristocrat of Rosedom to carry a beautiful Rose with his name to the rest of the Rose growers of the country.

CURLY PINK. Matchless in the combination of size and form of bloom, beauty of cluster, bloom quantity, constancy, vigor and foliage, hardiness and performance. Many large, two-toned pink blossoms, in several stages, often form a gorgeous bouquet on a single stem, 2 or more feet long; over 50 gracefully recurled petals.

DICK WILCOX. A magnificent deep red Rose, upwards of a hundred of the largest very double blooms, even following the coldest of sub-zero winters. Named after the well known rosarian formerly of Minnesota University, who discovered Brownell Roses would winter in the cold Northwest.

HENRY FIELD NO. 112. With large, double, deep red blooms, abundantly displayed in Hybrid Tea form and cluster, on sturdy bushes that cover the bed for decades with one of the most strikingly beautiful of all red Roses.

KING BOREAS. Named for the Aurora Borealis, King of Minnesota Winter Sports, who loves his Roses when the long sub-zero nights are gone. Lemon-yellow, completely double, free, abundant bloomer; a beauty.

LILY PONS. White with pure yellow center, large, graceful flowers of indescribable delicacy; vigorous, free bloomer. Often a feature of gardens in the cold Northwest.

OLD FASHIONED RED. Born from the Roses of "Grandmother's" Garden, with that same fragrance, full doubleness, bearing constant bloom and fond memories of by-gone days.

PINK PRINCESS. Bud-red, flowers deep pink, very popular, famous as the first Hybrid Tea free from premature defoliation, very double, no spot.

QUEEN O' THE LAKES. Named for the Queen of Minnesota's Aquatic Sports. No Diving Beauty could show greater fullness of grace, brilliance and elegance of form, or color more beautiful than this charming crimson queen of flowers. The Queen of all the double reds. Deep velvety.

RED DUCHESS. Over the thirty years of hybridizing, never had we hoped to produce a Rose like this. Such captivating fragrance. Such a shade of rose-red. Such colorful foliage. No spot. Such a robust and sturdy sub-zero plant. While nearly all Brownell Roses are pleasingly fragrant, the magic of sunshine on these petals issues a new fragrance incomparably alluring in spicy sweetness and charm. One whiff is an experience to be remembered.

SHADES OF AUTUMN. An abundant and joyous expression of bi-colored beauty. Many have reported that this beautiful red, yellow and blush flower is gorgeously outstanding.

STARGOLD. A most perfect yellow Rose, in abundance at Rose time, with limited rebloom.

TIP TOES. Delightful mixture of red, orange and pink tints, with enjoyable sweet spicelike fragrance. Very much liked.

TOMPKINS RED. Medium, semi-double flowers of that deep velvety red, so much admired, perpetually displayed.

V FOR VICTORY. Most beautiful, large, very double, yellow, fragrant Roses; constantly blooming in ideal form. To numberless experts, there is no such long lasting loveliness in Roses. Reported a surprise at holding color.

VELVETIER. Semi-double, frequently in clusters. Gorgeously impressive with its depths of dark red, velvety luster. Named by a multitude of visitors to our gardens, with exclamation: "Oh! how velvety!"

NEW IMPORTED GLADIOLUS FROM HOLLAND

Try some of these new outstanding varieties

6 bulbs 50c 12 bulbs 90c 50 bulbs \$3.50

All of our glad bulbs are guaranteed to be of top quality as to size. They are all healthy, vigorous, free from thrips and true to name. A

trial order will convince you of the quality of these bulbs.

New **RED RICH**

Everbearing STRAWBERRY PLANTS

You can almost "eat" those berries right off the page. A thousand words can't tell the story like this true-color picture does. Note how big and deep red those berries are—how thick and lush the foliage. . . . Now, imagine biting into one: Ummmm so honey sweet that more sugar would seem a waste and that firm flesh texture is red clear through the core. That's RED RICH, folks, the biggest, reddest, sweetest berries you ever saw—and to top it all, it's an EVERBEARER that's really everbearing.

PERFECT FOR FREEZING—RED RICH is big, solid and firm clear through. It ripens evenly and possesses an abundance of natural sugar. Best of all, it won't mush-up when thawed.

It took 15,000 seedlings before the finest features of the Wayzata everbearing and the Fairfax June bearing were developed in RED RICH . . . it was worth it!

Planted in early spring, RED RICH will bear in June all through the summer and into the fall. Because of its heavy yield fewer plants are needed—for the average family twenty-five plants per person are recommended. The crown and root system are exceptionally large as well as the leaves—a rugged plant, a heavy producer—for table, for freezing, for the commercial grower. Remember, only a limited supply of plants available—ORDER AT ONCE.

Limit 500 Red Rich Plants per customer

**25 for \$5.00, 50 for \$8.50, 100 for \$15.00,
250 for \$32.50**

All Strawberry Plants Guaranteed

**Complete Planting Instructions with
each shipment**

GEMZATA . . . EVERBEARING . . . One of the outstanding everbearers of today for both high quality and heavy production throughout the late spring, summer and fall. Produces extra large, firm and fine textured berries right up to freezing time. The Gemzata possesses the unique ability of producing a highly profitable crop the second season in a matted row. Proven highly successful on a wide range of soils. Produces well the first season. Gemzata is a cross of the well known Gem and Wayzata.

**25 for \$2.25, 50 for \$3.75, 100 for \$6.00,
250 for \$12.00, 500 for \$18.75**

SUPERFECTION—large, honey-sweet fruit. Grower of large plants. Produces an abundance of berries in spring, summer and fall. Up to a pint of berries per plant has been known for Superfection.

**25 for \$2.40, 50 for \$4.35, 100 for \$7.00,
250 for \$14.00, 500 for \$21.90**

TENNESSEE SHIPPER—A cross of the well-known Blakemore Missionary varieties, a high quality early strawberry plant that is very productive. A large, very firm, well-colored berry that sizes up good and retains its size throughout the season.

NEW FAIRLAND—A late introduction of the U.S. Department of Agriculture, Beltsville, Maryland. Ripens just a few days after the Premier when the demand is high for quality fruit. Large bright red berry of good quality.

NEW ARROWHEAD—A June bearing from the University of Minnesota Experiment Station. Plants are hardy, vigorous growers, very productive. Very similar growth habits to the well known Dunlap. Berries are large, firm, dark red and juicy. Prized for market, freezing and jam.

SPARKLE—(Med. late.) Originated by the New Jersey State Experimental Station. A vigorous grower and very productive. Berries are somewhat round in shape, of excellent quality, and splendid for freezing.

MAJESTIC (Mid-Season. Plant Patent No. 345.) Easily grown in most any soil or climate. Berries are large, deep scarlet red to the core. High sugar content makes them excellent for table and canning. Recommended for quick freezing.

AMBROSIA (Late)—One of the largest and latest strawberries known today. Berries are sparkling bright red, uniform, semi-pointed shape—delicious for every purpose. Ripen three weeks later than other varieties and bring a premium on the market.

Prices for All June Bearing varieties

**25 for \$1.15, 50 for \$1.85, 100 for \$3.00,
250 for \$6.00, 500 for \$9.50**
